FINANCIAL SERVICES GUIDE

Living Room of Satoshi provides a cryptocurrency payments service. This FSG describes our services, how we are remunerated, our professional indemnity insurance and how we handle complaints to assist you to decide whether to use our services.

OUR SERVICES

We hold Australian financial services licence 507130.

Our cryptocurrency payments platform is a non-cash payment service. We are authorised by the Australian Securities & Investments Commission to advise and deal in non-cash payment products.

We act as your agent when providing this service. You can provide instructions to us through our website, by live web chat, phone or by email.

HOW WE ARE PAID

We do not charge any fees. We generate income on the margin we make buying and selling cryptocurrency – that is, when we buy cryptocurrency from you, we generate income if we can sell that currency for more than we bought it for. We do not charge any additional fees over and above our margin when you use our service to direct payment to a third party.

Our employees are paid an annual salary. They may also receive a bonus for exceptional performance in meeting our business goals.

OUR PROFESSIONAL INDEMNITY INSURANCE

We hold professional indemnity insurance which covers us for any errors or mistakes relating to our professional broking services. This insurance meets the requirements of the Corporations Act and covers the services provided by us and our employees and authorised representatives after they cease working with us, provided we notify the insurer of the claim when it arises and this is done within the relevant policy period.

PRODUCT DISCLOSURE STATEMENT

Living Room of Satoshi’s online cryptocurrency payments platform provides a simple, secure way to pay your Australian bills or credit cards using BPAY (e.g. electricity and gas, car registration or phone), or bank accounts using direct debit, in Australian dollars with a range of cryptocurrencies e.g. Bitcoin. We are not affiliated with BPAY.

To use our cryptocurrency payments platform, you will need to register with us. By registering, you will be bound by our Terms of Use.

FEATURES AND BENEFITS

Online, fast payments - Payments can be made online, 24 hours a day, 7 days a week. Payments are processed after the cryptocurrency transfer is confirmed, generally on the same business day. We confirm the payment to you seconds after it occurs. We bear the risk on any rate movements.

Receipt by biller - If we receive your BPAY payment before 5pm on a bank business day (3pm for bank transfers), the biller will acknowledge the payment as having been made on that day, even though the funds may not be available in the biller’s account for up to 2 business days.

View your transactions - You can view your transaction history at “My Bills” on our website.

Rewards - You earn 1 point for every Australia dollar spent. You may redeem your points for gifts, gadgets or cash – see livingroomofsatoshi.com/rewards for details of our rewards, which are subject to availability. Merchandise rewards should be received within 4 weeks of being requested. Cash rewards are only paid to Australian bank accounts.

RISKS

Mistaken or unauthorised transactions - If a mistaken or unauthorised transaction occurs, you will need to contact the biller (or payee) directly to recover the funds. While we will assist to try to recover funds that have been transferred by mistake, we accept no liability for mistaken or unauthorised payments. It is important to safeguard your crypto credentials, and to make sure you enter the correct payment information.

Wrong amount - If you initiate payment with an amount of cryptocurrency that is different to the exact amount of the bill, your bill payment may not complete. If this happens, we will ask you to contact support. You may need to re-submit the correct amount of cryptocurrency to complete the bill payment. A different exchange rate may apply at resubmission.

Limit on payments - Payments to bank accounts are limited to a maximum of $250,000 per transaction.

Technology failure - You may not be able to use the platform if our technology fails.

Rewards - Once you redeem points for a reward, the points cannot be refunded and the reward cannot be exchanged for any reason, other than if you are entitled to the benefit of a consumer guarantee under the Australian Consumer Law (e.g., where the reward is faulty or not as described). If for any reason, a reward is not or cannot be delivered, the points will be returned to your account.

See our website for more information about our cryptocurrency payments platform.
